For two years we've lived in Nashville. And being a part of supporting, equipping and training missionaries in our ministry's headquarters has been rewarding. But one season is ending and another beginning. Our hearts desire for many years has been church planting. But we never felt the timing was right for us to do it. Now is the time! Time to move back to Los Angeles and plant a church in Long Beach. There are thousands of people who don't have a relationship with Jesus and we plan to reach out to them with His love. When? Summer 2009.

Three things we need to do between now and then: 1. attend a church planting assessment center 2. attend a strategic planning training and 3. strengthen our existing team of financial partners. The assessment center will reveal to us what we need to work on personally before the church plant, the strategic planning training will help us plan three phases of church planting (pre-launch, launch and post launch) and strengthening

our existing partnership team will give God's people an opportunity to partner with us through giving and prayer.

What can each of us do right now to help this church planting effort? Pray. Prayers, yeah, we need lots of them! We're not asking you to pray everyday for five minutes, but instead, asking you to pray whenever you think about this church plant. Going for a walk, driving down the freeway or washing dishes? Yep, that's a great time to pray for God to do something awesome in Long Beach. Prayer is going to help birth this church. Prayer is what God is asking us to do. Praying is what Tina and I feel more challenged to do as the move day draws closer.

Thank you for your generosity, prayers and friendship. We can't wait to see what God does through our partnership together! Please let us know how we can be praying for you too.

Blessings,
